

Charles Lee's Story

I was 46 when out of no apparent reason received a prompting that it was high time I started looking for a Church. All my life I had wanted to be a Catholic but never really had the time or opportunity for it. On some years I would attend Christmas midnight mass.

I was soon introduced to a Chapel in USJ11, Subang Jaya Malaysia. Soon I was a regular churching going individual. However all that did not fulfill my spiritual needs. I was still empty inside. On one occasion I met an old classmate who introduced me to RCIA. RCIA classes lasted for over 1 year and finally on the Easter vigil of 2000, my daughter, my wife and me, were all called to the alter and were all baptized Catholics. It was the happiest moment of our lives. We have now become part of a great big family of God's children.

After baptism I now facilitate at RCIA and have been doing that for the past 3 years. Each year is a new experience meeting new converts and sharing with them the joy of God's love and the only chance of salvation. In our Church we convert about 60 - 80 new Catholics each year. Indeed to be given this kind of opportunity is indeed blessed.
